

FROM: SCORE Chapter 412, Boca Raton, Florida

DATE: February 12, 2010

Ms. Suzuki became a client of our Chapter in 2006, and, as her business, and her counseling progressed, she was selected as our Entrepreneur of the Year in December 2007. From the beginning Ms. Suzuki was quickly recognized as a very dedicated and committed entrepreneur, with a very original, niche business. She developed a proprietary system for training automobile dealers to effectively market thru the internet, and she has grown her business every year, even with the current recession. Yet she came to SCORE for help because she was the first entrepreneur in her family, and had no one to turn to for guidance.

Ms. Suzuki, in turn, has become a passionate advocate for SCORE. She has already appeared to promote SCORE's invaluable business mentoring services at the AMEX OPEN event we ran in April 2009, where she spoke to 230 attendees; she appeared, with our District Director, Wolfgang Kurpiers, and former National Chairman, Emmett Gumm, at Congressman Ron Klein's office, to appeal for Congressional support for SCORE; she appeared at a recent District Meeting to thank and encourage Counselors from throughout the District, and she has generously offered her assistance for whenever we might need her in the future. She manages to do all this, inspiring countless individuals, and at the same time maintaining a rigorous schedule that takes her back and forth from coast to coast. And, on top of all this, she now volunteers at a local organization that assists disadvantaged children, taking significant time from work to do it.

In honoring her you will honor the best in all of us.

Martin Kahn  
Vice Chair
